

SOLID WASTE AND RECYCLING SERVICES

EXEMPTION REQUEST FORM

As a resident of Coventry Township, you are qualified to receive weekly curbside-collection of trash, recycling and yard waste at a much reduced rate under the Trash and Recycling Aggregation Program. This has been the result of our community being able to offer one hauler a large, stable customer base. The hauler is able to maximize its efficiencies and everybody benefits. However, since the bid is based on this stable customer base, there is no opt-out clause for residents.

Our Trash & Recycling Program does allow an exemption from the residential service for business owners that already pay for trash service through their business. If you are obligated to the residential Trash & Recycling Program but currently process your trash and recyclables through your place of business, you can make an application to the Coventry Board of Trustees for an exemption from the Coventry Trash & Recycling Program. Please complete this Exemption Request Form and submit it to the Township Administrative Offices for Coventry Board of Trustees review. You will be notified, in writing, of the Board's decision no later than 30 days from their receipt of the request. If approved, the Township will also notify Republic Services of your exemption.

Resident Name: _____

Resident Address: _____

Resident Phone: _____

Please choose one of the following:

- I own my own business where I already pay for trash service. Please list the name, address and phone number of your business:

- The property I own in Coventry Township is not my primary residence; I currently pay for trash service at a different location. Please list the address for your primary residence:

- This property is VACANT.

**Additional comments or notes may be added to the back of this form.

I certify the information I have provided above to be true.
